

Frequently Asked Questions About Keiser University

Q. How are the classes scheduled?

A: Keiser University Online starts new classes every month, so you can conveniently start your program without any lengthy delays. We have a unique, one-class-at-a-time approach so that busy students can concentrate on one subject and succeed. Our helpful counselors will guide you through the application process.

Q: How long has Keiser University been in operation?

A: Since our start in 1977 in Fort Lauderdale, Florida, Keiser University has grown to be one of the largest independent colleges in Florida. Online classes continue the student-friendly tradition in career education and we attract students who appreciate a more personal learning environment.

Q: How do I know if online learning is right for me?

A: Online learning requires that the student have self-discipline, dedication and the ability to manage their own study time. Students need to read the textbook and other course materials, turn in assignments on time and will be graded on exams taken online.

Q: What computer requirements and skills do I need?

A: Students must be able to access the Internet, use a mouse and keyboard, save and print documents, use word-processing software to write papers, and be able to send e-mail. Also students must be able to type a URL (uniform resource locator) into a browser to access Web pages and use search engines (such as Google and Yahoo). Contact admissions for more information.

Q: Do you accept transfer credits?

A: Yes we do. Credit for courses or degrees completed at another institution for students enrolling at Keiser University will be subject to approval by the Dean of Academic Affairs. These courses or degrees must be similar in content and duration to those offered in the program for which the student has applied. Please contact the campus for more information on the transfer credit policy.
